The Newsletter of the UMM Owners Club (UK)

01 FEB 1999

The UMM OWNERS CLUB (UK)

All correspondence to.

CLUB Secretary,

GRAHAM POTTER. 35 Colyton Way.
Purley-on-Thames. READING. RG 8 8 BL.
ENGLAND.

Telephonic communications to.

READING, 0118-941-5327.

Facsimile communications to.

0118-941-5327.

*Between 6 and 9 p.m. weekdays, All day weekends, But not to late on Sunday nights please.
If it is that important you can leave a message on the answer phone during the day.*

ALTER queries to.

Graham Potter. READING. 0118-941-5327.

TRANSCAT queries to.

Graham Potter. READING. 0118-941-5327.

COURNIL queries to.

Jason CURTEIS.
COMBS HEAD FARM. COMBS. HIGH PEAK. SK 23 9 XA.
01298-25981.

*Please remember that when telephoning any person on this page that these
services are purely **voluntary** and they have work and family commitments.
Wanted local Advisers to add to this page.*

PUBLICATION DATES.

*The First Day of **FEBRUARY, MAY, AUGUST, & NOVEMBER.***

Back issues are available at £5 a set for last year or £4 a set for previous years.

The Membership Year.

*JANUARY to DECEMBER Inclusive.
Split year Membership at the discretion of the CLUB.*

*This Newsletter is Published for and on behalf of the Members of
The UMM OWNERS CLUB (UK).*

*Any reproduction of Material contained within these Newsletters
only with the permission of the CLUB.*

The illustration on the front cover of this Newsletter is used with the kind permission of OFF ROAD & 4 DRIVE MAGAZINE.

There is also the slow influx of new members over the course of the year so it can be hard to budget how many Newsletters to get printed at the start of the year when you only have about a third of the renewals in.

This is where you need to make a small profit each year to give you a cash base for the following year.

Well that's where your money goes, And my time, Electric and phone bill that's not charged to the Club, So that's life in the front seat.

Now on to the next major event in the CLUB calendar.

This would have been the All Wheel Drive Show in High Wycombe but as far as I know this is now defunct.

come on OFF ROAD & 4 WHEEL DRIVE Magazine prove me wrong.

Not that I read O R & 4 W D or any of the other 4 wheel drive magazines for that matter.

The cost being the main reason.

UMM's on the INTERNET

*Here is something I lifted from the NET set up by new club member Graham ELLIS.
I hope you can understand it (to me if you cant mend it with a spanner it ain't broken)*

Hi there!

You have been invited by Graham Ellis to join the

UMM 4X4 UK INFORMATION SITE community,

one of many Excite Communities.

(Find out more about Excite Communities at the end of this e-mail.)

Graham Ellis invited some others you might know:

umm4x4netclub@yahoo.com.

Here's a message for you from Graham Ellis:

Hi Folks, as you can see I am starting a U.K UMM site. Please feel,
free to post info and Pics etc. The more people who now about it the
better for everyone Talk to you all soon Graham.

ABOUT THE "UMM 4X4 UK INFORMATION SITE" COMMUNITY

Administrator: umm4x4info@en81.freemove.co.uk

Description: A place to share info on locating, fixing, buying
selling UMM 4X4 's.

All products and services quoted in this Newsletter are only CLUB recommendations.

HOW TO JOIN

To become a member and join your friends in this community, here's what you do:

1. Go to the Web address below to check out the community.

<http://invite.excite.com/join.cgi?auth=C77980S387889>

2. Once you're there, click on the "Join the Community" link on the left side of the screen.

3. Enter your Excite user name and password. If you're new to

The UMM Camping Week-end.

Or for the less hardy bring the caravan.

I was considering the last week-end in July but as the Weston Park International Show is not now until the 3rd & 4th of September this leaves the middle week-end in August free.

As this coincides with the summer shut down where I work it will give me more time to get things ready

So put the date in your diary the 7th & 8th of August 1999. All being well.

All I have to do now is get the O K from club member Dave SHIRLEY for the use of his field and start to make some direction signs so you can find it.

The NEWS you have all been waiting for.

Last year started with the good news that the spares franchise had been taken on by

The COTSWOLD 4x4 CENTRE to the relief of a lot of people.

The good news for this year is that I have found another source of axle and brake parts in the form of

U S Automotive Ltd.

St Martin's Way.

Bedford.

MK 42 0 LF

Phone 01234 - 273155

And ask for Pete.

or Fax 01234 - 273064

Now they can supply the following parts for TRANSCATs and ALTERS.

Top and bottom steering ball joints.

Front axle drive shaft UJ.s.

Front and rear brake shoes for TRANSCATs.

And possibly other axle parts including brake drums.

Now the good bit THE PRICES.

<i>All Models</i>	TOP BALL JOINT	£ 32.50
	BOTTOM BALL JOINT	£ 25.18
<i>TRANSCATs</i>	BRAKE SHOES (Bonded)	£ 20.85
	BRAKE SHOES (Riveted)	£ 27.95
<i>ALTER rear axle.</i>		
	DANA 44 } 4.89 : 1, Ring & Pinion Gear	£ 295.00
	DANA 44 } 4.55 : 1, Ring & Pinion Gear	£ 292.00

All prices are exclusive of delivery and V A T.

There some other parts yet to be identified when I have time to go back up to Bedford.

All products and services quoted in this Newsletter are only CLUB recommendations.

ALTER ENGINES

Now on to something more technical, I have frequently been asked to identify the engine in the ALTER as when some of you have tried various service agents and parts suppliers there has been a sharp intake of breath followed by "No Mate Never Eard Of It."

This is why I always quote the engine type and its PEUGEOT equivalent.

The easy part to start with there are basically three engine / gearbox combinations fitted to the ALTER & ALTER II.

The ALTER has the XD 3 engine and four speed gearbox.

The ALTER II has the XD 3 engine and five speed gearbox. Or the XD 3 T Turbo Charged engine and five speed gearbox.

These are basically the same engine / gearbox combinations as the PEUGEOT 504 Pick Up or the PEUGEOT 505 GRD & GTD saloons and estates.

I know it was used in the larger PEUGEOT vans as well.

The main difference is that the gearbox was modified by PEUGEOT to accept the UMM transfer box.

Not only but also these engines are a sort of euro engine as they have also appeared in the LDV 200 & 400 Vans and the FORD GRANADA.

I think they were fitted to some versions of the London FX 4 TAXI as well.

Could this engine have been fitted to the TALBOT EXPRESS and FIAT DAILY vans as well.

COOL - RUNNING.

When was the last time you changed the thermostat in your cooling system or for that matter the antifreeze.

If like me it came with the vehicle then the thermostat must be well past it's best.

The temperature gauge on G 962 UHU my 100 inch turbo Station Wagon was never out of the blue even with half the radiator blanked off.

The engine has run this cool for several years now with very little heat from the heater.

Even with the fresh-air intake blanked off to reduce the cold air blast.

The thermostat is very easy to change with just three M7 Set bolts securing it that are easily undone with a 11mm socket.

I purchased a new thermostat from HALFORDS part number H T S 621. for £7.99.

Since fitting it there has been vast improvement in heater output and the temperature gauge climbs to well over half way.

With the engine running at the right temperature it's running a lot better with a lot less smoke when warm.

HANDY HINTS !!! NUMBER FOUR.

How many of you have discarded an old fridge or a washing machine fitted with one of the new moulded plugs and thought what a waste, At least with the old type plugs you could cut them off and use them on something else.

Well all is not lost if you cut the wire off close to the machine and then fit it with a socket and box you will have a handy extension lead about four to six feet long, Ideal as most power tools only come with about three feet of cable.

All products and services quoted in this Newsletter are only CLUB recommendations.

SHACKLE BOLTS.

Good news for TRANSCAT and ALTER owners.

The original road spring shackle bolts are 4 inch x 5/8 U N F.

These bolts are almost unobtainable, If and when you have to rebush your suspension the bolts will more than likely need replacing.

The nearest metric replacements are M16 x 100 mm.

These bolts are 5 thou larger in diameter than the original bolts so you will have to drill or ream out the bushes or shackles slightly.

And most important of all smear the bolts with copper-slip or similar before fitting to prevent the ingress of water and rust.

The U LTIMATE M OTORING M ERCHANDISE

With all the SHOWS that you are going to attend this year with your **UMM** you will need to be dressed correctly and here is just what you have been waiting for.

WOOLLEN V NECK JUMPERS in a range of colours to match your **UMM** with the **UMM** logo on the front in blue, green and white about the size of this newsletter.

Here is a list of the colours.

SILVER

RED

WHITE

BEIGE

GOLD

BOTTLE GREEN

BLACK

FRENCH NAVY (dark blue)

To order just send a cheque for £25 inc p&p made payable to **GRAHAM POTTER** stating what colour.

There may be a short wait for it to be made.

For TRANSCAT owners **WHITE** sleeves to match the hard top but these are special orders only.

I have had these jumpers knitted by my sister at my own expense and any profit after expenses and a donation to CLUB funds will go back in to research new items like "T" shirts and baseball caps or maybe polo shirts with the CLUB logo embroidered over the breast pocket but these would cost around £20 to £25 each.

Any other ideas or contact addresses for these types of things wanted when funds available.

TRANSCAT again FAIRY OVERDRIVE parts list and fitting instructions.
£1 each but I only have a few of these.

All profits from the sale of these items will go back in to the Ultimate Motoring Merchandise fund to research other items or to purchase books and manuals for the CLUB.

All products and services quoted in this Newsletter are only CLUB recommendations.
